

TRICYCLE™

SOFTWARE

Design and manufacture carpet with powerful support from software solutions by Tricycle.

Tricycle offers a comprehensive suite of design software for carpet designers and manufacturers, while connecting product development and sales with the manufacturing process to reduce duplication errors, cost and increase speed of service.

Born in the carpet industry, Tricycle understands how you work and how you want to work. Choose from our suite of existing carpet design software or let us customize your solution.

Carpet Design Software

Carpet Designer: Quickly turn your inspiration into carpet

Tuft/SimCenter: Unleash the power of the Tryk® simulation engine

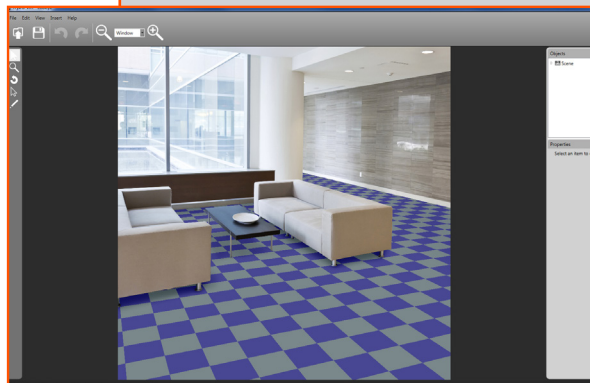

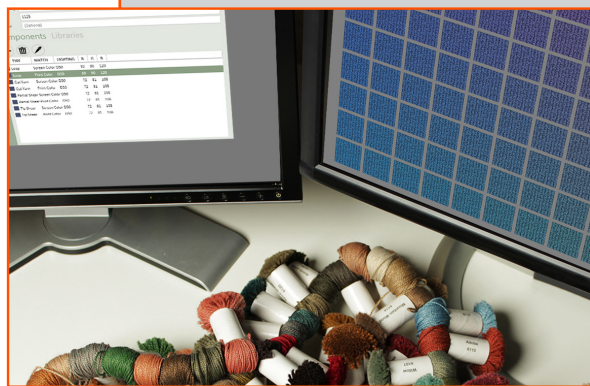

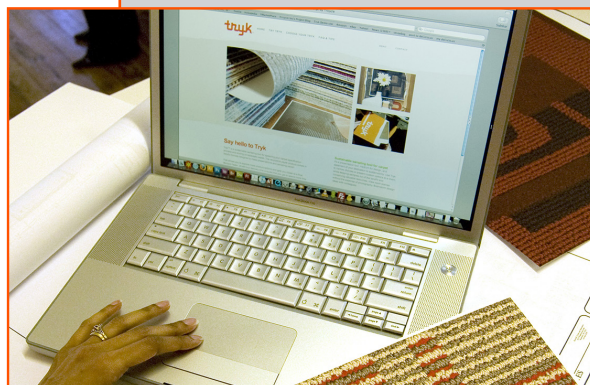

Tryk VIR: Fast, flexible, virtual installation scenes

Carpet: Wilton, Axminster

Fabric: Dobby, Jacquard

Customized Solutions

Tricycle can enhance your existing software performance or build a new platform to manage your design, sampling and manufacturing processes.

Let Tricycle™ help you **FIND YOUR YES**
